

JOANNE KYGER

Hey Thanks

Took me one and half hours to write
'Just This'

Adapt
to the times
and you will have listeners
all of them equally cynical
as you are. "Beyond
the Missouri Sky" plays
under Oaxaca rain
clouds the issue. Looking at the tissue silk
of a tiny handkerchief made
in Japan before 'the war'.
Which war, one wonders now looking
under Fujiyama's
snow-capped peak.
Everything seems a peaceful treasure
like this moment when voices
arrive beyond the gate
and then evaporate.
